VENGA

Economy Edition in black and white

SHARKOON has updated its line of cases with two new midi-ATX models, the white and black economy versions of the Venga.
The Venga is a compact PC case with room for four front 5.25" drive bays and one 3.5" device. Up to four hard drives can be installed inside the case.
The Economy edition comes without any pre-installed fans, offering users the chance to design their own customized cooling configuration.
The front of the case features an I/O panel with (2 x USB 2.0, line-out and in ports) and the back of the case has room for up to 7 expansion cards.
Venga cases are available with both white and black modern designs.
